**STANDALONE FINANCIAL STATEMENT
FOR THE YEAR ENDED MARCH 31, 2024**

Independent Auditor’s Report

To the Members of Reliance Industrial Infrastructure Limited Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Reliance Industrial Infrastructure Limited** (“the Company”), which comprise the Balance Sheet as at 31st March, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and notes to the Standalone Financial Statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as “Standalone Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013, as amended (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024, its profit including other Comprehensive income, its cash flows and the changes in Equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (“SAs”) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act, and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements

Key Audit Matter

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Standalone Financial Statements for the financial year ended 31st March, 2024. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditors’ responsibilities for the audit of the Standalone Financial Statements section of our

report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Standalone Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Standalone Financial Statements.

Key Audit Matter	How our audit addressed the key audit matter
Revenue Recognition – Refer Note 18 of the Standalone Financial Statements	
Revenue from contracts with customers is recognised when services are rendered to the customer at an amount that reflects the consideration entitled in exchange for those services which will be due upon satisfaction of Performance obligations.	Our audit procedures, considering the significant risk of material misstatement related to revenue recognition, included amongst other; <ul style="list-style-type: none"> • assessing the application of company’s accounting policies over revenue recognition and comparing the accounting policies over revenue recognition with applicable Indian accounting standards; • testing the revenue recognized including testing of company’s controls on revenue recognition;
The Company focuses on revenue as a key performance measure which could create an incentive for revenue to be recognized before the services are rendered or non-satisfaction of performance obligations or consideration is not measurable.	<ul style="list-style-type: none"> • Our testing included tracing the information of revenue recognised to agreements and receipts; • assessing the revenue recognized with substantive analytical procedure, and • assessing the company’s disclosure on revenue recognition.
Revenue recognition was determined to be a key audit matter and a significant risk of material misstatement due to the aforesaid risk related to the recognition of revenue.	Based on above procedures, we conclude that recognition of the revenue for the year is appropriate.

Information Other than the Standalone Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the Standalone Financial Statements and our auditor’s report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management Responsibility for the Standalone Financial Statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act, with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including Other Comprehensive Income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of the appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and fair presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our

Independent Auditor's Report

independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- (i) Certain financial assets and liabilities.
- (ii) Defined benefit plans - plan assets.

The Financial Statements of the Company have been prepared to comply with the Indian Accounting Standards ('Ind AS'), including the Rules notified under the relevant provisions of the Companies Act, 2013, (as amended from time to time) and Presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS Compliant Schedule III) as amended from time to time. The Company's Financial Statements are presented in Indian Rupees (₹), which is its functional currency and all values are rounded to the nearest Lakh (₹ 00,000) except when otherwise indicated.

B.2 Summary of Material Accounting Policies

(a) Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification, Current assets include assets (such as inventories and trade receivables) that are sold, consumed or realised as part of the normal operating cycle even when they are not expected to be realised within twelve months after the reporting period.

By using this policy, it is conveyed that trading assets like inventory / receivables if expected to be realised after 12 month would be classified as non current.

(b) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any.

Depreciation on Property, Plant and Equipment is provided using straight line method. Depreciation is provided based on useful life of the assets prescribed in Schedule II to the Companies Act, 2013 except that:

- (i) the cost of Leasehold Land is amortised over the period of lease.
- (ii) cost of Pipeline Corridor Structure is amortised over the residual life of the asset.

The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(c) Intangible Assets

Notes to the Standalone Financial Statements for the year ended 31st March, 2024

(e) Inventories

Items of Inventories are measured at lower of cost or net realisable value after providing for obsolescence, if any. Cost of Inventories is determined on weighted average basis.

(f) Provisions and Contingent Liabilities

The Company exercises significant judgement in identification of and estimation of the amounts of provisions and contingent liabilities. These provisions and contingent liabilities are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates

(g) Current Tax and Deferred Tax

The tax expense for the period comprises of Current Tax and Deferred Tax. The Company exercises judgment in computation of current tax considering the relevant rulings and reassesses the carrying amount of deferred tax assets at the end of each reporting period.

(h) Revenue Recognition

The Company is the principal as it controls the goods or services before transferring them to the customer.

Recognition of revenue from sale of goods concurs with transfer of control of goods to the customer upon shipment to the customer or when the goods are made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped and there are no longer any unfulfilled obligation.

In respect of revenue from rendering of services, the Company exercises judgement for identification of performance obligations, and in determining whether the performance obligation is satisfied at a point in time or over a period of time.

Generally, the credit period varies between 0-30 days from the delivery of goods or services as the case may be.

(i) Financial Instruments

(i) Financial Assets

Purchase and sale of Financial Assets are recognised using trade date accounting. Trade receivables that do not contain a significant financing component are measured at transaction price.

The Company has elected to account for its investments in associates at cost.

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'. However dividend on such Equity Investment are recognised in the Statement of Profit and Loss when the Company has rights to receive payment is established.

The Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at Fair Value Through Profit Or Loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- (1) The 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- (2) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For Trade Receivables, the Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

Notes to the Standalone Financial Statements for the year ended 31st March, 2024

(ii) Financial liabilities

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts are determined to approximate fair value due to the short maturity of these instruments.

C. Critical Accounting Judgments and Key Sources of Estimation Uncertainty

The preparation of the Company's Financial Statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.

a) Property, Plant and Equipment / Intangible Assets

Estimates are involved in determining the cost attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the management. Property, Plant and Equipment/Intangible Assets are depreciated/amortised over their estimated useful life, after taking into account estimated residual value.

Management reviews the estimated useful life and residual values of the assets annually in order to determine the amount of depreciation/ amortisation to be recorded during any reporting period. The useful life and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological and future risks. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

b) Provisions

The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

c) Impairment of Financial and Non-Financial Assets

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on company's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period.

In case of non-financial assets the company estimates asset's recoverable amount, which is higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

d) Fair Value Measurement

For estimates relating to fair value of financial instruments refer note 28 of financial statements.

VI. Actuarial Assumptions

Mortality Table (IALM)	Gratuity (Funded)	
	2023-24	2022-23
	2012-14	2012-14
	(Urban)	(Urban)
Discount Rate (per annum)	7.23%	7.60%
Expected Rate of Return on Assets (per annum)	7.23%	7.60%
Rate of Escalation in Salary (per annum)	6.00%	6.00%
Rate of Employee Turnover	7.00%	3.00%

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotions, past experience and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

The Expected Rate of Return on Plan Assets is determined considering several applicable factors, mainly the composition of Plan assets held, assessed risks, historical results of return on Plan assets and the Company's policy for Plan Assets Management.

VII. The expected contributions for Defined Benefit Plan for the next financial year will be in line with FY 2023-24.

VIII. Sensitivity Analysis

Significant Actuarial Assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and employee turnover. The sensitivity analysis below, have been determined based on reasonably possible changes of the assumptions occurring at end of the reporting period, while holding all other assumptions constant. The result of Sensitivity analysis is given below:

(₹ in Lakh)

Particulars	As at 31st March, 2024		As at 31st March, 2023	
	Decrease	Increase	Decrease	Increase
Change in Rate of Discounting (Delta Effect of +/- 0.5%)	8.90	(8.59)	10.19	(9.78)
Change in Rate of Salary Increase (Delta Effect of +/- 0.5%)	(8.73)	8.97	(9.97)	10.30
Change in Rate of Employee Turnover (Delta Effect of +/- 0.5%)	(0.47)	0.46	(0.80)	0.77

These plans typically expose the Group to actuarial risks such as: Investment Risk, Interest Risk, Longevity Risk and Salary Risk.

Investment risk : The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk: A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan debt investments.

Longevity risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk: The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Information Other than the Consolidated Financial Statements and Auditor’s report thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information

included in the Annual report, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management Responsibility for the Consolidated Financial Statements

The Company's Board of Directors are responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Company including in its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The respective Board of Directors of the companies are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the company and its associate and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Consolidated Financial Statements are responsible for assessing the ability of the company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors and its associate are responsible for overseeing the financial reporting process of the company and its associate.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statement in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its associate company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent Auditor's Report

- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities of the Company and its associate of which we are the independent auditors and whose financial information we have audited, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Consolidated Financial Statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entity included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced.

We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The Consolidated Financial Statements include the Company's share of net profit of ₹ 310.57 Lakhs for the year ended 31st March, 2024, in respect of an associate, whose financial statements have not been audited by us. These financial statements have been audited by other auditor whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the above associate and our report in terms of sub-section (3) of section 143 of the Act, in so far as it relates to the above associate is based solely on the audit report of the other auditor.

B.2 Principles of Consolidation

The Consolidated Financial Statements have been prepared on the following basis:

- (a) Investment in Associate Companies has been accounted under the equity method as per Indian Accounting Standard (Ind AS 28) - "Accounting for Investments in Associates and Joint Ventures".
- (b) The Group accounts for its share of post acquisition changes in net assets of associates, after eliminating unrealised profits and losses resulting from transactions between the Group and its associates.
- (c) The Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Group's separate Financial statements.
- (d) Investments other than in associate have been accounted as per relevant Indian Accounting Standard.

B.3 Summary of Material Accounting Policies

(a) Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification, Current assets include assets (such as inventories and trade receivables) that are sold, consumed or realised as part of the normal operating cycle even when they are not expected to be realised within twelve months after the reporting period.

By using this policy, it is conveyed that trading assets like inventory / receivables if expected to be realised after 12 month would be classified as non current.

(b) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any.

- (ii) cost of Pipeline Corridor Structure is amortised over the residual life of the asset.

The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Notes to the Consolidated Financial Statements for the year ended 31st March, 2024

(c) Intangible Assets

(d) Cash and Cash Equivalent

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(e) Inventories

Items of Inventories are measured at lower of cost or net realisable value after providing for obsolescence, if any. Cost of Inventories is determined on weighted average basis.

(f) Provisions and Contingent Liabilities

The Company exercises significant judgement in identification of and estimation of the amounts of provisions and contingent liabilities. These provisions and contingent liabilities are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates

(g) Current Tax and Deferred Tax

The tax expense for the period comprises of Current Tax and Deferred Tax. The Company exercises judgment in computation of current tax considering the relevant rulings and reassesses the carrying amount of deferred tax assets at the end of each reporting period.

(h) Revenue Recognition

The Company is the principal as it controls the goods or services before transferring them to the customer.

Recognition of revenue from sale of goods concurs with transfer of control of goods to the customer upon shipment to the customer or when the goods are made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped and there are no longer any unfulfilled obligation.

In respect of revenue from rendering of services, the Company exercises judgement for identification of performance obligations, and in determining whether the performance obligation is satisfied at a point in time or over a period of time.

Generally, the credit period varies between 0-30 days from the delivery of goods or services as the case may be.

(i) Financial Instruments

(i) Financial Assets

Purchase and sale of Financial Assets are recognised using trade date accounting. Trade receivables that do not contain a significant financing component are measured at transaction price.

The Company has elected to account for its investments in associates at cost.

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'. However dividend on such Equity Investment are recognised in the Statement of Profit and Loss when the Company has rights to receive payment is established .

The Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at Fair Value Through Profit Or Loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to :

- (1) The 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or

Notes to the Consolidated Financial Statements for the year ended 31st March, 2024

- (2) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For Trade Receivables, the Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(ii) Financial liabilities

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts are determined to approximate fair value due to the short maturity of these instruments.

C. Critical Accounting Judgments and Key Sources of Estimation Uncertainty

The preparation of the Group's Financial Statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.

a) Property, Plant and Equipment / Intangible Assets

Estimates are involved in determining the cost attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the management. Property, Plant and Equipment/Intangible Assets are depreciated/amortised over their estimated useful life, after taking into account estimated residual value.

Management reviews the estimated useful life and residual values of the assets annually in order to determine the amount of depreciation/ amortisation to be recorded during any reporting period. The useful life and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological and future risks. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

b) Provisions

The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

c) Impairment of Financial and Non-Financial Assets

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period.

In case of non-financial assets the Group estimates asset's recoverable amount, which is higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

d) Fair Value Measurement

For estimates relating to fair value of financial instruments refer note 28 of financial statements.

VI. Actuarial Assumptions

Mortality Table (IALM)	Gratuity (Funded)	
	2023-24	2022-23
	2012-14	2012-14
	(Urban)	(Urban)
Discount Rate (per annum)	7.23%	7.60%
Expected Rate of Return on Assets (per annum)	7.23%	7.60%
Rate of Escalation in Salary (per annum)	6.00%	6.00%
Rate of Employee Turnover	7.00%	3.00%

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotions, past experience and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

The Expected Rate of Return on Plan Assets is determined considering several applicable factors, mainly the composition of Plan assets held, assessed risks, historical results of return on Plan assets and the Company's policy for Plan Assets Management.

VII. The expected contributions for Defined Benefit Plan for the next financial year will be in line with FY 2023-24.

Notes to the Consolidated Financial Statements for the year ended 31st March, 2024**VIII. Sensitivity Analysis**

Significant Actuarial Assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and employee turnover. The sensitivity analysis below, have been determined based on reasonably possible changes of the assumptions occurring at end of the reporting period, while holding all other assumptions constant. The result of Sensitivity analysis is given below:

(₹ in Lakh)

Particulars	As at 31st March, 2024		As at 31st March, 2023	
	Decrease	Increase	Decrease	Increase
Change in Rate of Discounting (Delta Effect of +/- 0.5%)	8.90	(8.59)	10.19	(9.78)
Change in rate of salary increase (Delta Effect of +/- 0.5%)	(8.73)	8.97	(9.97)	10.30
Change in rate of employee turnover (Delta Effect of +/- 0.5%)	(0.47)	0.46	(0.80)	0.77

These plans typically expose the Group to actuarial risks such as: Investment Risk, Interest Risk, Longevity Risk and Salary Risk.

Investment risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk: A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan debt investments.

Longevity risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk: The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.
