

Rupee crashes 105 paise

Currency marks its biggest single-session drop in over 20 months against dollar

PRESS TRUST OF INDIA
Mumbai, April 7

THE RUPEE NOSEDIVED 105 paise to mark its biggest single-session drop in over 20 months against the US currency on Wednesday amid concerns over surging COVID-19 cases in the country.

At the interbank foreign exchange, the currency settled at 74.47 to the US dollar – marking its lowest level since November 13 last year. The rupee also logged its worst single-day fall since August 5, 2019.

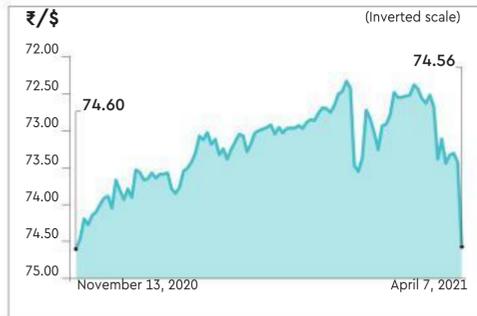

“The Indian rupee depreciated amid concern over rising COVID-19 cases in India and lockdown restriction in some

states. Furthermore, Reserve bank of India kept its repo rate unchanged for the 5th consecutive policy meeting and maintained accommodative stance,” said Saif Mukadam, Research Analyst, Sharekhan by BNP Paribas.

The central bank kept its key policy repo rate unchanged at 4%, but warned that the recent surge in COVID-19 infections has created uncertainty over economic growth recovery.

Further, the central bank said recent surge in coronavirus cases adds uncertainty to economic growth recovery.

Additionally, the market remained cautious ahead of FOMC meeting minutes to get

more cues on monetary policy. The rupee may trade in the range of 73.70 to 74.75 in next couple of sessions, Mukadam noted.

Meanwhile, the dollar index, which gauges the greenback's strength against a basket of six currencies, fell 0.06% to 92.28.

Brent crude futures, the global oil benchmark, was trading 0.53% up at \$63.07 per barrel.

Foreign institutional investors were net sellers in the capital markets as they offloaded shares worth ₹1,092.75 crore on Tuesday, according to exchange data.

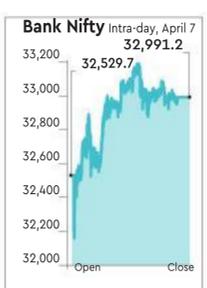

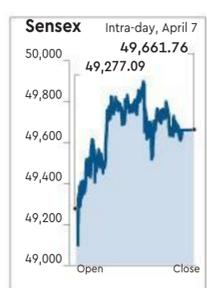

Mkts cheer RBI policy, Sensex spurts 460 pts

URVASHI VALECHA
Mumbai, April 7

SHARES ROSE FOR the second straight session on Wednesday as the investor sentiment remained upbeat, with the Reserve Bank of India maintaining its accommodative stance. The Sensex rose 460.37 points (0.94%) to close at 49,661.76 while the Nifty jumped 135.55 points (0.92%) to close at 14,819.05.

Buying in banking, automobiles and IT stocks pulled up the markets. Banking stocks primarily led the charge after investors rejoiced over the dovish monetary policy and the unchanged repo rate. The Nifty Bank shot up by 1.51%, and the biggest gainers on the index were IDFC First Bank, Bandhan Bank, Federal Bank, State Bank of India and IndusInd Bank, which rallied by 4.16%, 3.35%, 2.73%, 2.18%, and 2.13%.

Market experts lauded the RBI governor's monetary policy statement. Gaurav Dua, senior vice president, head - capital market strategy, Sharekhan by BNP Paribas,

“In line with expectations, the RBI has maintained a status quo on policy rates and reassured the financial markets on its commitment to retain the accommodative policy stance... The easing of yield curves and commitment of keeping interest rates low with ample liquidity are positives for the equity markets too.”

The bond markets reacted positively with the 10-year bond yield easing during the day. This easing of bond yields helped the equity markets rise. The announcements on Wednesday also put an end to the market's worries about an early withdrawal of liquidity.

Mihir Vora, director and chief investment offi-

cer, Max Life Insurance, said, “Measures announced are intended to lower borrowing costs, ease financial conditions and to keep liquidity supportive for credit uptake. The announcement ebbed worries of any early liquidity withdrawal.”

Foreign portfolio investors bought stocks worth \$30.32 million in total. The biggest gainers on the Nifty were JSW Steel, Wipro, SBI, IndusInd Bank, and SBI Life, up by 5.33%, 2.36%, 2.18%, 2.13%, and 2.11%. The biggest losers on the Nifty were Adani Ports and SEZ, Tata Consumer, UPL, NTPC, and Titan down by 2.76%, 1.44%, 1.26%, 0.52%, and 0.5%, respectively.

While liquidity has been ensured via TLTRO, the opportunity of on-lending through NBFCs, enhancement of loan limit against warehouse receipts, liquidity facility for AIFs are all good moves to ensure continued availability of credit
